

Results of November 2006 road survey

More than 61 percent (out of over 400) of landowners responded to the North Fork Landowners' Association's North Fork Road survey that was mailed in November 2006. The results:

- 55.6 percent of respondents favored paving the North Fork Road from Canyon Creek (where the pavement from Columbia Falls ends) to Camas Creek;
- 42.1 percent favored paving other sections of the road;
- 76.2 percent favored dust abatement;
- 23.4 percent were satisfied with spring/summer/fall maintenance;
- 41.0 percent were satisfied with winter maintenance.
